DIAPERS: THE OVERLOOKED ESSENTIAL

Every baby deserves a clean diaper. No mother should have to stretch or reuse diapers, weighing the importance of enough diapers against other essentials such as food or housing. And yet, 1 in 3 mothers struggle to provide a sufficient diaper supply.

At ilooklikeLOVE, we fill the "diaper gap" by providing diapers to families who need them. **104,209 diapers were distributed to 1037 families in 2019.**

OUR GOAL FOR 2020:
120,000 fresh, clean diapers distributed into the community.

Have some fun while making an impact!
